Dear Confectionery Enthusiasts,

We always put all our hearts and minds into the process of creating new collections of products and arrangements, which makes it an immensely rewarding experience. Our latest catalogue, Barbara Decor N°7, represents the culmination of a long and enriching journey, one that we have had the privilege to share with you. It is the result of many months of dedicated work, filled with both challenges and fascinating discoveries, new inspirations, and the joy of seeing ideas come to life. From the initial spark of creativity, through design and sketching, to the crafting of decoration prototypes and the meticulous work of our Pastry Chefs, production trials and final touches, every step has been a labour of love and passion.

We are delighted to present the fruits of our efforts and experience, featuring nearly 70 new chocolate decoration designs, thoughtfully divided into 19 thematic groups. Here, you will find a remarkable novelty in the Filigranes® collection - the Floral set. Multicolor category showcases Meso decorations, and a delightful array of multi-colored Magnolia Flowers with intricate details. We are also excited to introduce new Top Art products including Paleo, Mini Chocolate Bar and Green Leaves with three stunning nature - like patterns. The Art Print section will surprise you with refreshed designs of Stars and Football, and the Hand Made collection has been expanded with the long-awaited white and dark chocolate Butterflies and a charming Tea Rose. We also have something special for the fans of sweet buffets, the new Coffee Cup Mini. And, of course, our catalogue would not be complete without decorations for special occasions, designed exclusively to elevate your festive sweet creations for either Christmas or Easter, and make Halloween even more fun!

Fulfilling our mission of creating beautiful chocolate decorations and excellent flavour compositions, we want to become a part of what you create. We are driven by a real passion for the art of confectionery, and we would like nothing more than to be a part of the masterpieces you create. Together, we aim to reach new heights, providing you with reliable chocolate products of the highest quality.

Barbara Borowicz, the co-founder of Barbara Luijckx, instilled in us the belief that the decorations we create should help "simple forms be transformed into works of art". This guiding principle has been at the core of our work for two generations, and the following catalogue is a testament to that enduring vision.
